

## YOUR GENEROUS DONATION WILL HELP FUND

- School supplies
- Nutritious meals
- Transportation to school
- Tuition and classroom fees
- School uniforms and shoes
- After-School Tutorial Programs

The MOM-Foundation's mission is to empower, educate and create strong female leaders turning dreams into reality. Good Counsel is a community-based organization that provides shelter for homeless, expectant, and new mothers and their children. MOM reached out to Good Counsel to see how we could help. Our community has once again risen to the occasion by donating diapers, baby monitors, robes, toiletries, and many other basic mom and baby necessities. We are profoundly grateful to the Parlour Salon in Montvale, NJ for their support of this mission. They along with their clients opened their hearts to help in this outreach.

## EMPOWERMENT IS A CRUCIAL COMPONENT OF ANY ATTEMPT TO TACKLE THE ROOT OF POVERTY

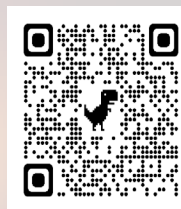

The MOM-Foundation supports empowerment programs in the regions of Telangra and Andhra Pradesh that bring about relevant change in women's lives. The programs provide training and informational seminars to develop their self-respect and foster independence. There are many social issues that affect the lives of women in Indian communities. The poor and toiling women are constantly confronted with violence, assaults, persecution, abduction, and immoral trafficking.

Women have a significant role to play in society, their communities, and within their own families. Their lives are full – nurturing their children, creating a home, providing for their families. All this while sacrificing their own needs. Educated women become empowered women that can bring about positive change for themselves and their entire families.

We support this program in India through our partnership with Village Development Organization (VDO) and Light For Blind Organization.

## MEMORIAL WALL

A way for family and friends to convey that the memory of our loved ones will continue to live in our hearts and minds

## LOCAL OUTREACH

The Mom-Foundation reaches out to local organizations and partners with them to bring change to the lives of people within the Rockland community. Over the past years, we have responded to the pandemic emergency needs and joined hands with Good Counsel Home and local food banks..
